Read the information below on treatment for snake bites and answer Questions 10-14

FIRST AID FOR SNAKE BITES

Snakes are not normally aggressive and tend to bite only when they are threatened or mishandled. Some snakes, such as the carpet snake, are not poisonous. Others, such as the brown snake, tiger snake and taipan, are very poisonous.

Prevention

leave snakes alone and do not collect snakes

do not put your hands in hollow logs, under piles of wood or in rubbish

be noisy when walking in the bush

look carefully when walking through thick grass

use a torch around camps at night

Symptoms and signs

These symptoms do not appear immediately, but from about 15 minutes to 2 hours after the person is bitten. There are often no visible symptoms or signs. Take seriously any information from the person concerning:

strong emotional reaction

headache or double vision

drowsiness, giddiness or faintness

nausea and/or vomiting and diarrhoea

puncture marks about 1 centimetre apart at the site of the bite.

Bites are usually on the limbs, especially the legs.

reddening bruising

sweating

breathing difficulties

Management

reassure the casualty

apply a pressure immobilisation bandage over the bitten area and around the limb

seek medical aid urgently

Snakebite Warnings

never wash the venom off the skin as this will help in later identification

never cut or squeeze the bitten area

never try to suck the venom out of the wound

READING PASSAGE 2

Read the passage below and answers Questions 15-22 on the following page.

STUDENT ACCOMMODATION AT NORTHSIDE UNIVERSITY

Situated about 20km from the city centre, Northside University is easy to get to by public transport. However, for students wanting to live on or near the university campus there are several different alternatives for accommodation.

Firstly, the university has several residential colleges: Burnside College, Boronia College and Helen Turner College. Each of these colleges provides a single fully furnished room with shared bathroom facilities, and meals. Burnside College is the most expensive, with fees ranging from \$154 - \$165 per week. However, each student room is equipped with a private telephone and voice-mailing facilities, and with the recent upgrade college students were given access to the Internet and on-line library via a network with the university. Boronia College has similar room facilities but does not offer the same computer access. It also offers only 17 meals per week, compared to Burnside's 21. Fees vary from \$147 - \$157 per week. Helen Turner College is a college exclusively for women, with similar fees to Boronia College. To attend classes, students have a short walk from the residential colleges to the main University campus.

The university also provides 23 self-contained furnished townhouses. These townhouses have either 3, 4 or 6 bedrooms each and student residents are expected to be studying full-time. Last year's rents ranged from \$54 per week for a room in a six-bedroom house to \$68.50 per week for a room in a three-bedroom house. As the university year begins each September, students wanting to live in university housing should apply to the university housing officer in August of the previous year, because of high demand. Smoking is banned in university housing.

Off campus, there are many flats, town houses and houses for rent in the local area. These can be found by looking in the local newspaper under ACCOMMODATION, or by checking advertisements pinned up on notice boards around the university. There are always students advertising for housemates and you can add a notice of your own to these boards. However, even sharing accommodation with others can be expensive; tenants are usually required to pay a rental bond, rent in advance, and telephone/electricity/gas bills in addition to food bills. Be sure that you know what you will be required to pay before you enter into any written agreement.

Read the text below and answer Questions 23-27.

SELKIRK MARITIME SERVICES RIGHTS AND RESPONSIBILITIES OF EMPLOYEES

The purpose of this document is to advise Selkirk Maritime Services' (SMS) employees of their rights and responsibilities in terms of their Employment Contract, Occupational Health and Safety (OHS) and Discrimination and Harassment. Rights refer to what employees are entitled to and the way they can expect to be treated, while responsibilities refer to their expected work output and behaviour towards fellow employees.

Contract of Employment

The employment contract is an agreement between you, the employee, and SMS, the employer, about your conditions of employment. It covers the rights, obligations and entitlements of both parties.

This written agreement spells out your rate of pay, the number of hours you are expected to work, any penalty rates you would be entitled to should you work public holidays or in excess of the forty hours in a working week and also includes contributions to a superannuation fund. Other entitlements such as personal and annual leave are also set out.

Occupational Health and Safety (OHS)

SMS is obliged to provide a safe and healthy workplace for its employees. Under the law, it provides training courses for working safety as well as any personal protective clothing or equipment at no cost to you. As an employee you are required to cooperate with SMS to ensure safety.

By law you must wear and use the safety equipment and clothing supplied by SMS as well as follow safety standards when operating machinery and equipment. It is your responsibility to perform your work activities in a safe manner and not endanger the welfare of your fellow employees.

Discrimination and Harassment (DH)

It is every employee's right to work in an environment free from discrimination and harassment (DH). SMS does not tolerate any form of DH in the workplace, and any instances are taken seriously and dealt with promptly and confidentially.

Discrimination and harassment are to be understood as any form of unwanted behaviour which humiliates, offends, insults or intimidates an employee. It may be verbal, non-verbal or physical in nature and include circulating racist or sexually explicit material, making offensive comments, telling insulting jokes or isolating a fellow employee because of his/her sexuality, religion, national or ethnic origin.

Reading Passage 1

Read the passage below and answer Questions 28-40 that follow.

KORMILDA COLLEGE

Section A

Kormilda College is a unique school situated near Darwin in Australia's Northern Territory. For 20 years, to 2010, Kormilda College operated as a government-run, live-in school for high school Aboriginal students. In 2010 it was bought from the Government by two Christian church groups and since then it has expanded enormously, to include a day school as well as boarders (residential students) in years 8-12. Although 320 pupils of the College's total number are Aboriginal students, drawn mainly from isolated communities across the Northern Territory, Kormilda also has a waiting list of non-Aboriginal students. With a current enrolment of 600, student numbers are expected to grow to 860 by 2020.

Section B

Central to the mission of the school is the encouragement of individual excellence, which has resulted in programs designed especially for the student population. Specialist support programs allow traditional Aboriginal students, who are often second language users, to understand and succeed in the mainstream curriculum. A Gifted and Talented Program, including a special Aboriginal and Torres Strait Islander Tertiary Aspirations program, has been introduced, as has an Adaptive Education Unit. Moreover, in Years 11 and 12, students may choose to follow the standard Northern Territory courses, or those of the International Baccalaureate (IB).

Section C

To provide appropriate pastoral care, as well as a suitable academic structure, three distinct

sub-schools have been established:

- **Pre-Secondary:** For Aboriginal and Torres Strait Islander students in years 8-10 who are of secondary school age but have difficulties reading and writing.
- **Supported Secondary:** For Aboriginal and Torres Strait Islander students who are of high school age and operating at secondary school year levels 8-12 but who need specific second language literacy and numeracy support.
- **Secondary:** For multi-cultural students aged 8-12 who are of secondary school age but need some second language literacy support.

Section D

To aid the development of the Aboriginal Education program, a specialist curriculum Support Unit has been set up. One of its functions is to repackage school courses so that they can be taught in ways that suit the students.

The education program offered to Aboriginal students uses an approach which begins with the students' own experiences and gradually builds bicultural understanding. In one course, 'Introducing Western European Culture Through Traditional Story-Telling', students are helped to build a common base for approaching the English literature curriculum. Drawing on the oral culture of traditional Aboriginal communities, they are introduced to traditional stories of other cultures, both oral and written. In a foundational Year 10 course, 'Theory of Learning', concepts from Aboriginal culture are placed side by side with European concepts so that students can use their own knowledge base to help bridge the cultural divide.

Another project of the Support: Unit has been the publication of several books, the most popular being, Kormilda Capers. The idea for Kormilda Gapers came about when it became obvious that there was a lack of engaging material for the school's teenage readers. One of the stories in the book, 'The Butman Mob hits the Big Smoke', recounts the adventures of Kormilda pupils on their first visit to Sydney, Canberra and the snow country. Focussing on experiences which have directly affected the lives of students at the College, and on ideas and issues which are of immediate interest to Aboriginal students, Kormilda Capers has earned enthusiastic support within and outside the school.
